Have fun learning to combine shapes and lines to develop a drawing. Using techniques including pencil, ink and charcoal we'll examine how the artists of the 20th century explored drawing. Drawing requires practice, so students will perform weekly exercises in their own sketchbook. Students will participate in both assigned drawing and free choice drawing.

**Vickie Gatchel (Art, all sections)**

Vickie Hanners-Gatchel resides in Elburn with her husband of over 30 years. They have three children, ranging in age from 15 to 26. Vickie has a B.A. in Art along with her art teaching certificate. A painter for most of her life, her art career has taken her into commercial art, mural painting, commission work, and teaching (all ages and all art subjects). For almost 5 years she was an owner and Art Director for the Indigo School of Art in St. Charles, IL. Her teaching experiences span pre-school children through adults, basic drawing and painting through ceramics and clay and art history along with art in other cultures. Vickie enjoys travel and mission work and has visited many countries. She enjoys integrating these experiences into her art lessons. Our students are in for a treat as Vickie leads them in their art experiences again this year!
