The show must go on! Enroll your student for a fun, encouraging experience with Musical Theater! The goal of this weekly class will be to grow our gifts in the triple threat of musical theater---drama, dance and singing! Each class, we will work on vocal technique, dance moves and acting games, as well as rehearse scenes from favorite musicals which may include old favorites like "Peter Pan" or "Cinderella" and new 'classics' like "Shrek the Musical" and "Seussical the Musical"! All students will perform in showcases (to be determined).

Homework = Light

Patti Selvey (Kidz Jam 1st-4th, Musical Showcase 4th-8th, Harmonies 7th+)

Patti and her husband, Jordan, are entering their 10th year of homeschooling. They have five children (ages 2-14). From her earliest memories, art and music have been a part of Patti's life. She began studying piano at the age of 5 and participated in numerous drama productions and choirs throughout her academic life. She spent her first 2 years of college as an intended Music Education major. During this educational stage, she continued to study piano and voice privately, and pursue drama and music theory courses. She appeared in collegiate productions of *Oklahoma!*, *South Pacific* and *Chicago*, as well as performed and choreographed several collegiate show choirs. After marriage, Patti returned to college, changing majors to gain a BS in Accountancy from DePaul University. She has recently completed her Degree in Photography from the New York Institute of Photography and remains a member of several local art leagues, where she exhibits her photography and water-media artwork. In addition, she has served as the early childhood music director for her church. Patti looks forward to sharing her love for the arts with her students at HSU!
