Let the revolution begin...as HSU starts their very own band! In this class you will work on all aspects of band production. Looking for songwriters, composers, stage managers, stage designers, costume designers, marketing minds, musicians, vocal talent, computer graphics....let's bring it together. You will work together as a team to produce, promote, perform and record. Each student will be assessed to determine their band placement. Students will perform their arrangements at the end of each semester .

“It’s a long way from the top if you want to rock and roll...”

Kelly Condron (Worship Band, School of Rock, Private Voice Instruction)

Kelly grew up in a Christian household and was a missionary for awhile with her parents in Indonesia. There she started to sing for hours on end and she hasn't stopped since! She received her degree in music at Greenville College (a small Christian college near St. Louis) and since then has been touring and playing all over the country. While traveling, she has shared a bill with Relient K and Switchfoot, led music at churches, and produced her own tour this past fall to promote her latest cd. Kelly has been teaching voice for several years and enjoys helping students with stage presence, learning to belt out those high notes, increasing range, building better tone, and just overall helping to make singing and performing easier and more enjoyable. She loves, loves, loves music and can't wait to take your students to the next level!
