

Spanish Fun

Teacher: Sarah Wagner

Class Size: 10-16

Material fee: \$30/year

Text to purchase: *The Complete Book of Spanish**

In-Class Instruction: 55 min/wk

Day/Time: TH 3:00-4:00

*If your student has already completed this book, another recommendation can be made.

This class is designed for students who want to learn Spanish and have fun! Spanish Fun will include several forms of Spanish expression including: vocabulary, dialogue, singing, hand movements, review of alphabet and numbers, crafts, and/or games. In addition, we will celebrate certain Hispanic customs and learn some Hispanic traditions, songs and crafts. This class is designed to take children through the primary years as each year we will continually review and introduce new language each year.

Homework = Light

Sarah Wagner (Spanish Fun 1st-5th, General Science 6th-8th, Rhetoric/Christian Worldview/History-Core 202, Spanish Half 7th+))

Sarah and her husband, Jeff, reside in Carol Stream. They have four boys, and this will be her 9th year home schooling. She earned her Communications Degree from Northern Illinois University with an emphasis in Spanish. While at Northern, Sarah's focus was on speech performance, argumentation, debate and mass media. Sarah also has one year towards her Masters of Arts in Religion at Trinity International Divinity School. After seminary, she pursued a career in the radio industry and has been involved in radio for the past 20 years, which has given her a platform to serve in sales and production, including being a news reporter, copywriter and announcer. She has also voiced commercials and hosted and produced her own radio show. Sarah currently teaches Sunday School, along with her husband, for the 6th graders at Community Fellowship. Over the past 5 years Sarah has studied, researched and taught Apologetics and this class has become a cornerstone to the children's program at their church. Sarah's style of teaching is creative and interactive. She strives to appeal to all learning styles and engage the students into the subject matter.
