Student Leadership (Grades 7th+))

Get ready for to grow in Christ! This class will expand the boundries of your faith and develop leadership skills that will be a foundation for life. Classtime will consist of discussion and response, leadership building activities, prayer and life transformation. Outside service hours will be encouraged including: homeless visits, contact evangelism and work projects.

Homework = Light

Jeremy Wagner (Chapel/Chaplain, Team Sportsmanship, Student Leadership, Tutoring)

Jeremy has grown up in Homeschool University. He graduated high school at 16 and has attended College of Dupage for the past 2 years. Jeremy's zeal and passion for the Lord is contagious and in this class you will catch this fire and pass it on. Jeremy has gone on many mission trips . At 17, he served as an Intern, to Costa Rica for the summer with the ministry, Leader Treks. This was his 3rd mission's trip with Leader Treks but this time, he went as a leader. His job was to build relationships with high school students in order to develop them into leaders so that they could influence those around them for Christ. This trip proved to be life-changing and since then Jeremy has launched "Encouteration", a ministry geared to youth , which has been life changing to many young people, including many here at HSU. Jeremy has also been deeply involved in serving the homeless through Chicago's Beloved Homeless. He definitely has a heart for youth and his desire is to see more students be intentional about leadership, in order to use these gifts to expand God's kingdom.
